Clif,

It's my understanding that we're set to speak in San Francisco on July 17 at 10. Would you be able to advise me on the names of attendees on your part, so that I can try to facilitate more efficient building entry? (I can't promise smooth with our new security procedures, but I can promise smoother.) Also, you may recall our conference spaces are not world class, but with a better idea on our collective numbers, I can secure an appropriate room. On EPA's end, it may not be more than just Mary Wesling and me, although management may step in for some few minutes.
